RUTHERGLEN DANCE FESTIVAL 2018

It is now only a few weeks away and most of the arrangements for the weekend are completed with only a couple of last minute details to be taken care of.

Bookings for the weekend were snapped up very quickly, the day they were released for sale the telephone was ringing at 7.30 am. with all ticket taken by early November, to date there has only been one cancellations which shows just how popular this Dance Festival is and just how much dancers wish to be present at this event. Of course it is not only the dancing that make this event a success, there are many other historic gold mining towns to visit that surround this historic town of Rutherglen and part of Victoria leading up to, and following the festival, and don't forget the wineries, "Oh yes, the wineries," a must when visiting here! There are plenty of them to choose from, Some of these wineries have supported our festival throughout its history and we invite you to visit them and show your support in return for what they have done in freely providing many of the prizes for each festival. There are also other businesses that help make this weekend a success and all these people / businesses are listed in this newsletter.

One of our bigger partners are The Good Guys Albury who are most generous in providing goods for our raffle and door prizes and have done so over many years. If you require any electrical goods call in on the way past, tell them you're from the Rutherglen Dance mob and you're likely to get an even better deal.

Unfortunately we will not have the support of Robyn and Neil from Renaissance Chocolates as they have decided after many years of producing fine chocolate to close their doors and have a well earned rest, from what we have learnt, they are enjoying life in retirement, congratulations.

Don't forget that while we have excellent cooling at the venue, this time of year it can be hot in Rutherglen so please take the necessary precautions and keep well hydrated.

As all of you who are attending this year realise, we have Australia's most successful Social and New Vogue recording Artists providing the music for the entire weekend,

Patti and Tony Gilbert (The Tony Gilbert Sound) who as usual have some newly arranged tunes for your dancing enjoyment.

Andrea & John Barwick of course are conducting the workshop and have informed us that they have a newly choreographed dance, which they have been working on for some time and will introduce at this year's workshop, it is sure to excite with its vibrancy and movement. We look forward to seeing and learning it. as with most of their dances it is sure to become just as popular as all the others.

There will also be a farewell dinner on the Sunday night and you can book into this during Friday and Saturday and if there are any places left book Sunday as early as possible.

Val & Nigel Hughes along with Molly, (due to family commitments) will have dance shoes and accessories available at the Festival for purchase during Saturday only this year.

You may call in for a fitting any time Saturday 1.00 - 4.00. Nigel & Val will also be attending during the evening.

STEPP 'N' OUT NEWS

As you might realise after reading this newsletter and previous ones we are now receiving many upcoming event and post event articles for inclusion in the newsletter, as well as general localised articles.

Why not send us something about your event and share the experience with fellow dancers. - we're only an email away. and only to please to help promote your event.

Vale Leonie Bonazza

22nd. December 1944 - 7th. December 2017

Leonie was a devoted and passionate dancer entering into many Sash Balls during her early years.

Being an ardent dancer she was continually helping with instruction of newly introduced people to dancing particularly at Ky Valley, especially dances that were popular in that area.

Leonie was instrumental in forming the Echuca Dance Group where she remained as coordinator until her sudden and unfortunate passing in December.

Leonie organised and run the Echuca Dance Group and she worked tirelessly for the dance community that built up around her gaining grants and donations from various organisations, working closely with the Moama Bowling Club to ensure continuous use of the main dance area.

Leonie was instrumental in organizing many special occasions, seniors week dances and gala nights, she always regretted not having a go at competition dance and was always interested in anyone that had done so.

Leonie graced many dance floors in many areas and her presence will be sorely missed by many.

One of her latest ventures was organising a weekend Festival of Dance in Moama, unfortunately this has now been cancelled.

TOOT, TOOT, CHUE, CHUE, DINE & DANCE

At last, the long awaited evening organised by good friend Bob Bass arrived when twenty ardent dancers and friends from Melbourne met at the Belgrave Station to board the Puffing Billy for an evening of Dining and Dancing aboard this iconic train, of course some of us arrived much earlier to watch the shunting of trains and locomotives at the station until finally, our loco and train arrived.

At 7.30 we all boarded our allotted carriage to find it decorated with Christmas livery and formally set up with dining tables and seating for two or four people, there were also delightfully presented nibbles for all and refreshments were available once we had left the station area. of course after introductions there was lots of chatter about dancing, Christmas plans and the different venues that each of us frequented. The setting was made even more delightful with the views across the Dandenong Ranges and at time across to Western Port Bay with the sun slowly disappearing between the trees on this delightful day as we travelled toward our destination stopping for a short while at Menzies Creek before being served a delightful first course of hot pumpkin soup.

After assing through Emerald, we reached our destination, Nobelius Siding, we entered the historic nursery packing shed established and owned by Carl Nobelius a migrant from Sweden arriving in Australia during 1872.

In 1892 Nobelius left his job in South Yarra and moved his family up to his Emerald property. Whilst Nobelius initially concentrated on establishing a small orchard, he soon turned his attention to nursery stock and early the following year he began trading as 'Gembrook Nurseries', as Emerald, at the time, was part of the Parish of Gembrook.

The old nursery shed was set up for eighty people, all passengers on the train with pleasant music supplied by a sole performer and there was ample room for dancing, if that wasn't good enough there was always the station platform to be used and we made use of that later in the evening, after the rest of the meal consisting of a further two courses of a fabulous buffet main course and sweets of sticky date pudding or a choice of another delightful dessert (unknown but really nice) had been consumed., then on with the dancing once more, unfortunately as the majority of the passengers preferred pub style music and what we call tea bag dancing the night generated into more of a disco jiggling night inside the nursery, fortunately as social and ballroom dancers we are a versatile mob and we made do with the music provided and restricted our dances to those such as the Merrilyn, Balmoral Blues, and Carousel the occasional Cha Cha and a swing or two with an odd jive or two thrown in for good measure. all out on the platform in the crisp clear air. We noticed a few envious people watching us holding each other while dancing, something they tried to replicate with little success, my alcohol does strange things to some younger people.

Around 11.00 it was time to reboard the carriage and travel back to Belgrave, all while sipping teas, coffee and port, unfortunately, we were also forced to nibble on fine chocolates at the same time.

After disembarking some of us managed to find the energy to find an all night McDonalds (yes a McDonalds) where some of us enjoyed an early morning coffee and cakes, all on Seniors rates of course.

Would we do it again? Oh yes, only we need to fill the whole train next time.

Dancing in the ACT in 2018

There are some changes and additions this year.

The dance that has been traditionally held at the Harmonie German-Club on a Thursday night has been transferred to Tuesdays. The format will remain the same.

On some of the first Saturdays of the month Roger will host a dance at the Belconnen Seniors rooms. The first of these is February 3rd, then a break in March and April with the next dance being May 5th.

There will be a monthly Sunday afternoon dance from 1.00pm to 4.30pm at the Southern Cross Club in Woden hosted by Joe The first of these is Sunday 28 January 2018

Diane Smedley will be teaching at 4 venues each week - because of her parents' long time association with the C.O.T.D.C. and Canberra Seniors she does this in a voluntary capacity at those events. For a small charge she will teach before the dance at the Harmonie German Club on Tuesday nights.

Independently from any of these events she will run classes at the Austrian-Australian club in Mawson on Monday nights commencing on 15th January. There is more detail about this on

<http://canberradance.weebly.com/special-events-and-news.html>

Diane moved to live in the ACT during 2017 for family reasons. Many of you will remember her parents Brian and Joy Venables who were stalwarts and dance teachers of the Canberra Old Time Dance Club. Diane had her first lessons in dancing as a child in Canberra and obtained her medals.

After moving to Mackay she continued to study and taught at Alan Smith's studio before opening her own studio in 1992 where she taught Ballroom Latin, Modern and New Vogue for medals and competition for adults and children as well as social sequence dancing.

She also became an Adjudicator in New Vogue and Latin. Over the years her students achieved many honours in competitions from Melbourne through to Cairns. As her studio evolved she added Street Latin styles such as Salsa, Bachata, Zouk, West Coast Swing and Rock

Also moving with the times meant she became a Zumba instructor in 3 levels. In 2015 she was honoured to receive a prestigious national award at the Sydney Latin Festival. "In recognition of outstanding contribution to the Australian Latin Industry."

For over 25 years she has also been passionate about including people with disabilities in the dance family.

She ran a dance class and a performance group for people with disabilities who performed in Brisbane and a number of times in Sydney and were invited to the Osaka Latin festival in Japan. There are still a few tickets left for the Ball on the second weekend in April at the Harmonie German Club with Patti Bond and Tony Gilbert providing the music .

Tickets for the ball on the long weekend in June hosted by the C.O.T.D.C will be available shortly. Music for this event is provided by Ian Stewart.

CHRISTMAS AT YACKANDANDAH AND LIFE MEMBERSHIP AWARD

On a lovely warm December night, with many of the dancers dressed up in their Christmassy finery, the members of the Yackandandah Dance Club came to the hall for their annual Christmas Dinner Dance.

All who attended the dance party were focused on enjoyment, which started with a delicious meal, some favourite tippie, and laughter and fun as the tables groups vied with each other, to answer a range of dance and other trivia questions and win a prize.

Then came the dancing with more than a few of the dancers singing along to their favourite carols and other enjoyable music.

A special part of the evening was a Life-Membership presentation to the recently retired President Stan Sutherland, who has been a staunch advocate for the club for over 10 years.

Stan (front left, was very appreciative of the presentation and explained to the audience than in the club's 25 year history he was, only the 6th recipient to receive the Honour of a Life-Membership. Whilst Stan has now stepped away from official duties for the club, his love of dance continues and he plans to continue to grace the floor and dance on with us.

He is also looking forward to the resumption of our dance classes and practice nights and the fun and good times Social nights and our super special dance weekends, with the first one happening very soon on March 10th & 11th - Labor Day Weekend.

For this special weekend the Dance Music will be provided by the well regarded Tarragals who will also be playing at the Oddfellows Hall at Nearby Corowa on Friday 10th March.

This means a great weekend of dancing is happening in our region and we would love to have you join us

News From Anthony Peppers

Re: Enjoy Dance (formally Intensity Dance Academy)

It was great to see everybody last night for our first dance of 2018. As everyone learnt, there are a number of changes that I am making. The first is the change of name from "Intensity Dance Academy" to "Enjoy Dance". There are a number of reasons for the change but in a nut shell the change is "Less Formal", "More Inviting" & "More Inclusive".

We now have business name registered and as mentioned above, the domain secured.

The big addition for the year is the 5th Sunday tea dance which will be conducted at the Chiltern RSL Hall, firther details are included in this newsletter on page 6)

Part of choosing the Chiltern location is to try and bring together dancers from the Albury/ Wodonga region together with the Yackandandah / Beechworth region as well as Corowa, Benalla and Wangaratta.

Wangaratta will continue with classes, private lessons and the monthly dance on the 2nd Saturday of each month.

Corowa will also continue with my commitment to bolster what was created by John & Andrea some years ago.

I hope this keeps your readers up to date with our latest dance and venue activities.

Kind Regards

Anthony Peppers

Effective as of the 7th February 2018

Anthony's classes at Corowa R.S.L. Club

will be conducted on Wednesday evenings

Thursday 1st. will be the last dance on a Thursday at the R.S.L.

Notting Hill Pre Christmas Dance

Ho Ho Ho! He came again, this time to Mary Cashman's dance at Notting Hill Community Centre on Sunday 3rd. December.

Starting at 7.00 everyone was treated to a pre dance tippie on arrival and before entering the main dance area. During the evening there were heaps of spot prizes, progressive dance things to be won, lollies and other treats given away for various reasons. As always there was a great supper to be had and Mary and her team provided exceptionally well with plenty left over to nibble on during the rest of the evening .

After the supper break Mary thanked Russ Heskith for his contribution in bringing his knowledge of dance to the Club throughout the year, Mary made presentations to her team also thanking them for their support and to the ballroom dance performers, and of course after this someone purporting to be Santa arrived on a scooter tossing out lollies to all, he also managed to fall off of it in his excitement as well.

Unfortunately their door person, Robert, is moving to Sydney with work and a few tears were shed from the girls, good luck.

The music on the night as you might expect was a little different with Christmas themes and all those attending, which was in excess of 110 people, enjoyed an excellent night of dancing and socialising.

One of the highlights of the evening was a dance display by a newly formed local couple Aron Collins and Michelle Beggs who performed four of their competition routines which included Tango, Lucille Waltz, Merrilyn and Carousel

For those returning from holidays dancing recommences with Mary on the 4th. February.

Anderson Winery & Champenoise Cellar

If you like full bodied reds, then this is one place not to miss. They also produce delightful sparkling wines.

The winery is just east of Rutherglen and operated by Howard Anderson and Daughter Christobelle.. Anderson Winery is a small family owned boutique winery, opened in 1993. Their dry-land (unirrigated) vineyard produces small quantities of high quality grapes producing intensely flavoursome yet smooth wines, with minimal additives. They are highly regarded for their full bodied reds, fresh, flavoursome whites and sparkling wines.

Look for the big white shed on the Chiltern road on the right hand side just before Jones Road on the way out of town. Discover their award winning table wines in the ambience of a working winery. 1619 Chiltern Road, Rutherglen

Rules of Inverse Negativity

Variation Law- If you change lines (or traffic lanes), the one you are in will always move faster than the one you are in now.

Law Of The Bath- When the body is fully immersed in water, the telephone will ring.

Law of Close Encounters- The probability of meeting someone you know INCREASES dramatically when you are with someone you don't want to be with.

Law of the Result- When you try to prove to someone that a machine won't work, IT WILL.

Law of Bio-Mechanics- The severity of the itch is inversely proportional to the reach.

Law of Physical Surfaces- The chances of an open faced honey sandwich landing face down or a drink spilling on a floor are directly correlated to the newness of the carpet.
